

PUSH FOR ENTREPRENEURSHIP

Push for Entrepreneurship is an extreme push up event. Participants have two hours to do as many push-ups as possible during this time with unlimited breaks. There is no similar event in the world.

The vision for Push for Entrepreneurship is a combined passion to empower young people, cultivate entrepreneurship and energize people to exceed their self-imposed limitations.

The Cause

The Connecticut Invention Convention (CIC) is the nation's largest continuously operating program for K-8 student inventors and entrepreneurs. CIC's mission is to teach students creative problem-solving techniques through inventing, innovating and entrepreneurship. Donations will be used to bring CIC to Bridgeport and Norwalk to give middle schools an opportunity to participate in CIC's programs.

Who Pushes?

PFE is attracting people who want to improve the communities they live and work in with entrepreneurial solutions. They not only believe in equal opportunity but want to help level the playing field. Pushers are energetic, passionate and committed to making a difference in this world. Pushers want you to stretch themselves, become stronger and think bigger. Pushers see their fitness as a core part of their identity and an extension of what they do for a living.

When: Saturday, November 4th at 9am power shakes, warm ups, instructions, get into your PU Zen, 10am kick-off

Location: Fairfield University, John Barrone Campus Center
