**Influenza information:** According to the CDC, influenza (Flu) and COVID-19 are both contagious new coronavirus (called SARS-CoV-2) and flu is caused by infection with influenza viruses. Because some of the symptoms of flu and COVID-19 are similar, it may be hard to tell the difference between them based on symptoms alone, and testing may be needed to help confirm a diagnosis.

Healthy Recipe

INGREDIENTS
Cooking spray

2 zucchini, sliced very thinly into coins
1 tbsp. extra-virgin olive oil (for baked version only)
1 tbsp. ranch seasoning
1 tsp. dried oregano
Kosher salt
Freshly ground black pepper

DIRECTIONS FOR OVEN
1. Preheat oven to 225°. Grease a large baking sheet with cooking spray. Slice zucchini into very thin rounds, using a mandolin if you have one! Pat zucchini with paper towels to draw out excess moisture.
2. In a large bowl, toss zucchini with oil then toss in ranch seasoning, oregano, salt, and pepper. Place in a single layer on baking sheets.
3. Bake until crispy, about 1 hour 20 minutes, checking after about an hour. Let cool to room temperature before serving.

FOR AIR FRYER
1. Grease air fryer basket lightly with cooking spray. Slice zucchini into very thin rounds, using a mandolin if you have one! Pat zucchini with paper towels to draw out excess moisture.
2. Omit oil. In a large bowl, toss zucchini with ranch seasoning, oregano, salt, and pepper. Place in a single layer in basket (a little overlapping is fine!).
3. Air fry at 375° for 6 minutes, then flip and cook for another 6 minutes. Remove golden chips and continue cooking remaining chips until golden and crispy, 2 to 4 minutes, shaking basket every minute to allow for even crisping.
